Good Rolling Stock Deserves Good Trucks!

On3 Passenger Trucks

O-8218- \$24.95
Four Wheel Plastic D&RGW Trucks with side bearings
Made by San Juan Car Company

HO Scale Trucks

The Power Truck For HO Trolley and Traction Models.
5'7" Wheelbase, 36" wheels. Fully Self Contained, DCC Ready
HO-810 Power Truck Only \$84.50
HO-811 Power Truck with Trailing Truck \$94.50

For the convenience of you, our customer, we are once again handling Freight Trucks in O Scale.

This time we are handling the nicest looking freight trucks available on the market today, made by our friends at San Juan Car Company. These trucks are cast delrin. All trucks are \$10.95 per pair

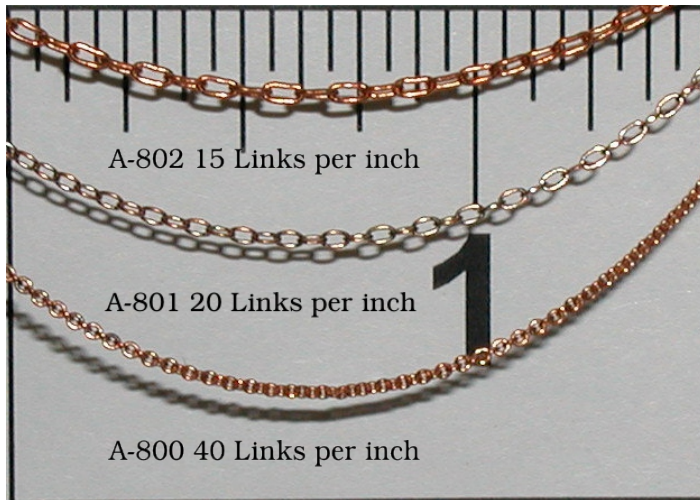

O-8210 Vulcan Truck

O-8212 T-Section Bettendorf Truck

We have been asked by a number of modelers if we sell our cast pewter detail parts separately from the kits. Yes we do, see the next page!

We've Got Chains.
Lotsa Chain....
and we lowered the
price on it, too

All Chain Sizes Shown are \$1.99 per 12"

Since these chains are so small and light, we will make the proper adjustments to the shipping charges when ordered.

WHAT'S NEXT?

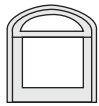

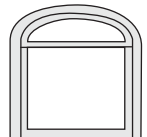

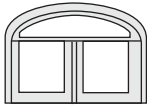

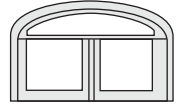

WE HAVE THE PROPER POWER TRUCKS FOR THE D&RGW GAS MOTOR CAR BEING MADE FOR US,

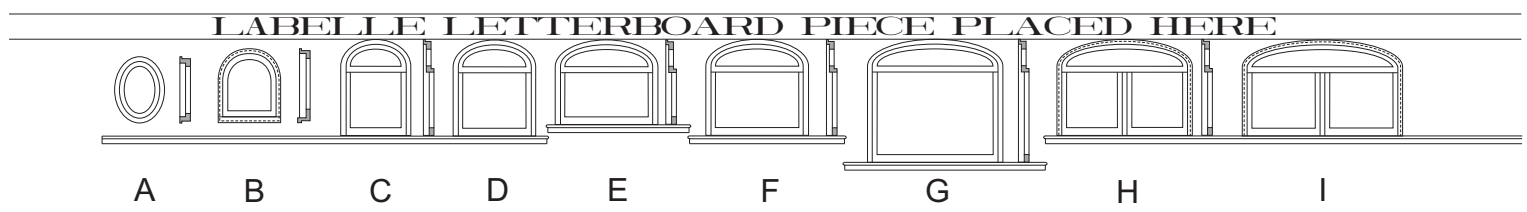

WE HAVE THE GL&W AND "OMAHA" REEFER COMING IN HO.

WE ARE WORKING ON 40' BOX CARS AND HANRAHAN REEFERS IN O-SCALE

IS THERE ANYTHING THAT YOU'D LIKE TO SEE MADE?

The cost is \$14.00 for HO Scale.

This includes \$10.00 for Rounding and \$4.00 for the Roof Rounding Kit.

Please Contact LaBelle Directly for this service. Prices do not include applicable taxes or Shipping and Handling.

Special Notice

The Custom Decal work formerly done by Valley Car Shop is now a part of LaBelle Woodworking Co. Since all jobs for custom decals vary, hence the name “Custom”, we cannot quote a cost for the time that your decals will take nor a cost for the production of the decal sheets.

If you would like to have some custom decals made for your railroad or whatever hobby you are into, please contact us either by our company phone number or at the e-mail address: decals@labellemodels.com

We will be happy to discuss decals with you.

A Bit of History of LaBelle

LaBelle Woodworking is one of the oldest companies still offering wooden model railroad kits. The Company was founded in 1947 in Oconomowoc, Wisconsin. The first review of our Wood passenger cars appeared in Model Railroader in January of 1960. LaBelle has moved from Oconomowoc to Watertown to Fairchild, Wisconsin, to Pendleton, Indiana and continues today in Cheyenne, Wyoming.

In early 2010 LaBelle acquired the Red Ball Heritage Line from Model Railroad Warehouse in Roanoke, Indiana. We are currently working to re-engineer the old Red Ball kits and bring them back to the marketplace.

We are very pleased that you have requested a copy of our catalog and hope that you will find a model kit that will interest you.

We are very intent on continuing and expanding the LaBelle line and if you have a favorite car that you would like to see produced and you feel that would have a wide appeal, please let us know.

LaBelle Models that have been built by LaBelle Customers
